

# Abortion: A Civil Rights Issue

In the early history of our country, slaves had no rights . . . even in "free states." Abolitionists organized and struggled to ensure constitutional rights for all.

However, today, even up to the time of birth, unborn children have no right to life. Each year, more than a million unborn children are killed by abortion. Proflifers must also organize and struggle to secure constitutional rights for the unborn.

Right to Life groups have formed in every state to work to restore legal protection of life for the unborn under the U.S. Constitution. This will undoubtedly be the most important civil rights issue of our times.

## Right to Life of Michigan Who We Are

Right to Life of Michigan serves as the state coordinating body for more than 100 local affiliates representing thousands of Michigan citizens. We are a volunteer, non-profit organization composed of grassroots people of different political persuasions, various faiths, and diverse economic, social and ethnic backgrounds.

We come together to restore legal protection to those members of our human family who are threatened by abortion, infanticide, assisted suicide or euthanasia. Diverse though we are, we hold one common belief: that every human being has an inalienable right to life, a life that is precious and must be protected.

## Right to Life of Michigan What do we do?

### LOCAL AFFILIATE

The strength of Right to Life of Michigan lies in our ability to change hearts and minds in local communities. It is at the grassroots that we can truly realize a government of the people, by the people and for the people.

### MEMBERSHIP

Through building a strong and viable membership at the local level we can realize and guarantee protection for all humans.

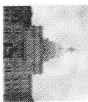

### EDUCATION

Educating about the value of every human life is our greatest challenge. By impacting upon public opinion we can restore protection for all human life.

### FUND RAISING

If we are to be successful, we must raise the funds that will enable us to disseminate information to all people about the social injustice of abortion, infanticide, assisted suicide and euthanasia.

### LEGISLATIVE ACTION

Right to Life of Michigan participates in the legislative process to pass laws that respect all human life.

### POLITICAL ACTION

Involvement in the political arena is imperative in electing pro-life officials who will vote for pro-life legislation.
