Petition to Stop The Opening of Planned Parenthood Abortion Clinic in Auburn Hills, MI

We, the undersigned, voice our opposition to the establishment of the Planned Parenthood abortion facility that seeks to occupy the building at 1625 N. Opdyke Road, in the city of Auburn Hills, Michigan. We believe that Planned Parenthood's promotion of sexual promiscuity and its status as the number one abortion provider are contrary to our community's values and represent a threat to youth and families. We also believe that such a facility will have a negative impact on business in this community and will be a serious source of conflict detrimental to the growth of the city of Auburn Hills. We call upon the Mayor of Auburn Hills, members of the City Council, and State legislators to take action to prevent this abortion clinic from opening.
