

Better Community Health Centers are Available in Oakland County

Women's health is more than reproductive health. Community Health is more than women's reproductive health. None of these clinics perform abortions. Please support these medical clinics with your generous donations.

Mercy Place - 55 Clinton St., Pontiac, MI 48342 (248) 333-0840

Mercy Place is a free outpatient clinic affiliated with St. Joseph Mercy Oakland, which provides comprehensive health care, treatment and prevention to uninsured people who do not qualify for other health care alternatives. It is located in downtown Pontiac, and although most clients come from the Pontiac area, the clinic serves all residents of Oakland County. The free clinic is supported by volunteer physicians who donate their time and generous donors who endorse the Mercy mission of caring for all, regardless of their ability to pay.

Mercy Place exemplifies our Mercy mission and values, which emphasize justice by working for the common good through advancing the health status of the community. The mission especially takes steps to ensure that the needs of the underserved are addressed.

Prevention and education are two important components of Mercy Place. Through working with patients to encourage prevention, teaching them to manage their conditions and promoting wellness, Mercy Place helps to lower the cost of health care while enhancing the overall health of the community.

Services are provided to adults only and include:

- Surgical evaluation services.
- Case management services.
- Pharmaceutical services.
- *Women's health program.*
- Health screening.
- Free pregnancy testing.
- Wellness exams & physicals.
- Disease prevention.
- Ophthalmology program with eyeglass program.
- Ongoing health care management for chronic diseases

Mercy Place operates Monday through Friday from 8 a.m. to 4:30 p.m.

Oakland Primary Health Services 46 N. Saginaw Street Pontiac, MI 48342 ph: 248.322.OPHS (6747)

OPHS Physicians provide complete medical care for your entire family, from the care of newborns to the care of the family's oldest members. OPHS offers a full range of services from physical examinations and annual checkups to chronic disease management, acute medical care and family planning. OPHS works to improve health disparities in our community by focusing on infant wellbeing, teen pregnancy, asthma, diabetes, oral health, integrated behavioral health, *women's health* and the many other health conditions affecting our patients.

As a Federally Qualified Health Center supported under Section 330 of the Public Health Service Act we are proud to serve as a safety net for individuals and families who lack access to quality health care.
